پروژه باید به ایمیل حل تمرین درس تا حداکثر زمان اعلام شده تحویل داده شود و موضوع ایمیل باید #DS_PROJ_Student باشد به عنوان مثال DS_PROJ_92213011.

8-72- Write a program that visualizes an Euler tour traversal of a proper binary tree, including the movements from node to node and the actions associated with visits on the left, from below, and on the right. Illustrate your program by having it compute and display preorder labels, inorder labels, postorder labels, ancestor counts, and descendant counts for each node in the tree (not necessarily all at the same time).
